

**REMARKS**

Applicants appreciate the Examiner's indication that the subject application is in condition for allowance. Upon reviewing the allowed claims, Applicants have noticed a typographical error in claim 6. In particular, the term "first" has been changed to the term "second". The above amendment corrects the typographical error without altering the meaning or scope of the claim.

In the Notice of Allowability dated October 6, 2005, the Examiner has required submission of corrected/replacement drawings. Attached herewith are two sheets of replacement drawings, including the minor modifications submitted in Applicants' Amendment dated September 23, 2005. No new matter has been added.

The amendment, having been shown to exclude new matter, to be necessary to enhance and further clarify the disclosure, and to require no substantial additional work on the part of the USPTO, is considered to be in condition for acceptance and entry of this amendment into the subject application is earnestly solicited.

It is believed that no fees are required at this time. However, Applicants hereby petition for any extension of time that may be necessary to maintain the pendency of this application. The Commissioner is hereby authorized to charge payment of any additional fees required for the above-identified application or credit any overpayment to Deposit Account No. 05-0460.
